Environmental Policy

The Management of Devoran Metals Ltd are committed to protecting the environment and preventing pollution.

We are aware of the impact that our work has on the environment and that protection of the environment requires commercial activity to be conducted in a sustainable manner.

We have developed a comprehensive Environmental Management System, which ensures compliance with all Environmental Legislation, Regulations, Codes of Practice and any other Standard to which the Company subscribes.

It is the Organisations policy to operate the ISO14001:2015 environmental management standard through registration with a UKAS accredited notified body.

We will strive to adopt the highest environmental standards in all areas of operation, meeting all relevant legislative requirements, through:

- The consideration of environmental issues in all business strategies and initiatives.
- Prevention of pollution, reduction of waste and minimisation of resource consumption.
- Education of employees in how to carry out tasks in an environmentally responsible manner.
- The setting and monitoring of objectives and performance indicators to ensure continual improvement of our environmental management system and to enhance environmental performance.
- The purchase of sustainable products wherever feasible.
- The reduction in risks from environmental, health or safety hazards for employees and others near our operations.

The Company is committed to continual improvement of its environmental performance.

This Policy will be communicated to all employees and contractors and be available to the public through selected media.

Signed:
